

ATLANTA IS HOST TO PRESIDENT HARDING TODAY;
ELABORATE PROGRAM ARRANGED FOR VISITORS

Conference Fails to Avert Rail Strike

SETTLEMENT ONLY
WAY TO SATISFY
MEN, SAY LEADERS

Verbal Jockeying Marks
Session of Mediation
Conference Before Rail-
road Wage Board.

ULTIMATUM ISSUED
AT END OF SESSION

Ambiguous Answer Is
Given as Barton Asks If
Unions Would Obey the
Board's Orders.

BY ALEXANDER F. JONES
United News Staff Correspondent.
Chicago, October 26.—Nothing
short of a "satisfactory settlement"
can avert the threatened railroad
strike, leaders of the big five trans-
portation brotherhoods Wednesday
night informed the United States
Railroad board.

This ultimatum by the railroad
union leaders was the result of the
board's attempt to avert the threat-
ened walkout by a joint mediation
conference, attended by both the
railroad executives and the brother-
hood leaders.

As Thomas DeWitt Cuyler, presi-
dent of the American Association of
Railway executives, did not offer
any concessions when he presented
the carriers' side of the dispute, the
conference was adjourned with no
definite results, and a truce seem-
ingly far from being reached.

Chairman R. M. Barton announced
that the railroad board will make
public a decision fixing blame for
the threatened walk-out.

To Return to Cleveland.
The labor leaders declared they
will return to Cleveland after con-
ferences here Thursday with their
general chairmen.

At the conclusion of a day which
teemed with the defiance of the
brotherhood leaders, Chairman R. M.
Barton, of the railroad board, arose
and solemnly asked the union lead-
ers four questions.

A hush fell over the great audi-
torium, jammed with all the nota-
bles of the railroad world as the
white-haired chairman addressed the
defiant leaders.

"Who or what authority in your
labor organization can now with-
draw the order to strike or pre-
vent the strike?" he asked each of
the five leaders.

Could Stop Strike.
Each of the five men, with the
exception of W. S. Carter, president
of the Brotherhood of Firemen and
Enginemen, said that he with his
executive committee could stop the
strike. Carter said that only the
men in his organization could forestall
it.

A silence even more intense
ensued. Barton next question:
"Suppose you, the chief executive
or your general chairman issued
an order or a statement that a
strike should not occur, do you not
believe the strike would be pre-
vented?"

The answer of Warren S. Stone,
grand chief of the engineers, was
the answer of them all.

"I do not believe," he said, "that
any order from us would do any
good now, unless we could say with
it that we have made a satisfactory
settlement of all issues."

This answer was greeted with
applause by the great throng of
strike sympathizers.

Chairman Barton waited until the
noise subsided.

"If the board shall declare that
a strike is not justified, and should
not occur, and directs that the em-
ployees do not strike, will the order
be obeyed?" he was asked.

Crux of Effort.
Here was the crux of the entire
attempt of the board to successfully
settle the threatened strike.

"With all due respect to the board,
I will say that a mere order from the
board, without a satisfactory settle-
ment, would not be obeyed," said W.
G. Lee, president of the Brotherhood
of Railway Trainmen, and his an-
swer was echoed by his four asso-
ciates.

These latter answers were re-
ceived in absolute silence. There
was not a single handclap from any
quarter.

Chairman Barton then read his
last question.

Atlanta's Guests of Honor Today

President and Mrs. Warren G. Harding, who will today be honor guests of Atlanta and will be greeted and feted by the entire city. The president will speak this afternoon at Grady monument, the public being invited to hear his address.

ATLANTA BUILDING
ALREADY EQUALS
RECORD OF 1920

Erection Cost More Last
Year, But Cost of Build-
ing Materials Was the
Cause of Difference.

Atlanta building operations up to
the present this year are equal in
size and in number to the full
twelve months of 1920. The differ-
ence in money figures is approxi-
mately \$2,500,000 less for the cur-
rent year, which shows the striking
reduction in the price of building
materials. The fall of materials is
reflected in the number of homes
that have been built—1,110 since
January 1—more than twice as
many as were erected in the pre-
ceding twelve months.

Foreseeing the decline of prices,
City Building Inspector C. J. Bow-
man predicted an 18 per cent year
openings in 1921 would be a better
year's work than 1920, when the
value of all permits was \$13,372,666.
Consolidation of reports showed
that his forecast was too conserva-
tive. Up to Wednesday permits
had been issued for construction
totaling \$9,682,605.

Was Too Conservative.
Mr. Bowen estimated that 1,000
new dwellings would be a fine
showing and Atlanta would build
that many. Again he was too con-
servative. He would not be sur-
prised if the number reaches
1,300. His chief clerk, A. C. Mc-
Daniel, had fixed a guess at 1,200.

In the face of business depre-
ssion that has affected other lines
of industry in recent months, build-
ing has been bounding upward and
promises to smash all previ-
ous records of the inspector's office.
There is more than a probability
that the banner year of 1920 will
be surpassed.

The record of dwelling permits
by months this year is as follows:
January, 42; February, 38; March,
109; April, 118; May, 146; June, 146;
July, 185; August, 127; September,
121; October, 115—total, 885.

The value of all classes of con-
struction is as follows: January,
\$586,909; February, \$553,223; March,
\$1,094,164; April, \$778,328; May,
\$1,568,232; June, \$1,535,716; July,
\$1,948,322; August, \$2,324,323; Septem-
ber, \$2,166,620; October, \$762,322.

Home building has predominated
the field, that is moderate priced
residences. The number of apart-
ment houses decreased from last
year.

Many who most warmly supported
the resolution of expulsion offered
by the republican leader, Representa-
tive Mondell, now question the ad-
visability of passing it. Blanton,
it is feared, might become a martyr
in the eyes of the country, with the
result that his political ambitions
would be furthered. Blanton is cred-
ited with aspirations to sit in the
senate.

House WEAKENING
IN DETERMINATION
TO EXPEL BLANTON

Washington, October 26.—The
house of representatives is weaken-
ing in its determination to expel
Representative Thomas L. Blanton,
of Texas, on the charge of having
had indecent and obscene language
inserted in The Congressional Record.

Criticism of Hardwick
Due to Administration
Course, Says Watson

Alleged Slight in Recent
Washington Meeting
Had Nothing to Do With
It, Says Senator.

SIGNED STATEMENT
GIVEN BY WATSON

Says He Told Governor
of Displeasure at Lat-
ter's Failure to Carry
Out Pledges.

BY JAMES A. MOLLONON.
Constitution Bureau,
Raleigh Hotel.
Washington, October 26.—(By
Constitution Bureau Wire).—Con-
cerning the break between United
States Senator Watson and Govern-
or Thomas W. Hardwick, alleged by
news dispatches emanating from
Atlanta to have been precipitated
by an alleged slight of the senator
in a recent Washington conference.

Mr. Watson estimated that 1,000
new dwellings would be a fine
showing and Atlanta would build
that many. Again he was too con-
servative. He would not be sur-
prised if the number reaches
1,300. His chief clerk, A. C. Mc-
Daniel, had fixed a guess at 1,200.

In the face of business depre-
ssion that has affected other lines
of industry in recent months, build-
ing has been bounding upward and
promises to smash all previ-
ous records of the inspector's office.
There is more than a probability
that the banner year of 1920 will
be surpassed.

The record of dwelling permits
by months this year is as follows:

SENATE ASSURES
REPEAL OF LEVY
ON EXCESS PROFIT

Action Will Not Take
Effect During Current
Calendar Year, Upper
House Decides.

BY JOHN GLEISSNER.

United News Staff Correspondent.
Washington, October 26.—The ex-
cess profits tax will be repealed
January 1, 1922, but will apply dur-
ing the current calendar year, the
senate has decided.

This settles one of the most
troublesome questions in connection
with the revision of the revenue
laws, and gives assurance that the
government's chief wartime levy
will be wiped off the statute books.
Repeal of the tax has been asked
by two presidents and three secre-
taries of the treasury, but congress
was unwilling to grant the requests
because it was argued heavy levies
should be made on war profits, and
because it was feared the repeal
would be unpopular. The present
decision was reached in the face of
strong opposition from the dem-
ocrats and a considerable number of
republicans.

Other Votes May Come.
The senate approved the excess
profits section of a revenue bill
article by article Wednesday with-
out a record vote. Other votes may
be taken when the bill is finally
enacted, but it is conceded attempts
to force alterations will fail.

Previously the senate had rejected
two amendments offered by Senator
Reed, of Missouri, to retain the tax.
One would have imposed a levy of
20 per cent on net profits from 15
to 50 per cent, and a 40 per cent
levy on profits in excess of 50 per
cent. The vote on this was 31 to 42.
Democrats solidly supported Reed.
Senators La Follette, Johnson, Mor-
ris, Kenyon and Borah, republicans,
likewise voted affirmatively.

Reed's other amendment, which
he said he offered merely to de-
termine if the senate was willing to
impose any profits tax at all, would
have assessed a levy of 20 per cent
on profits above 50 per cent.

The senate will vote Thursday on
the corporation income tax, under
unanimous agreement. This tax is
advanced as a substitute for the
profits tax. All amendments to the
committee's section will be disposed
of at 4 p. m., except those offered
by Senator Walsh, of Massachusetts,
which are receiving the support of
the minority.

Proposed 15 Per Cent Tax.
The committee proposes a tax of
15 per cent on corporation incomes,
an increase of 1-2 per cent over
the house figure. The present tax
is 10 per cent. Walsh and the mi-
nority are in favor of a graduated
tax ranging from 12-1-2 per cent on
incomes up to \$100,000 to 25 per cent
on incomes over \$100,000.

Senator Penrose, chairman of the
committee, expressed satisfaction
with the progress that is being
made in consideration of the bill,
and said the usual for contin-
uous session would not be pushed
at this time. Sessions of the sen-
ate.

Arthur C. Lewis Drinks
Poison, and Then Tells
Wife Death Is Certain

"It's No Use to Do Any-
thing for Me, It's All
Over," Declares Victim
of Cyanide of Potassium.

DIES IN AMBULANCE
ON WAY TO HOSPITAL

State Entomologist Had
Conferred With Commis-
sioner J. J. Brown in Af-
ternoon on His Work.

Arthur C. Lewis, state entomol-
ogist, died early Wednesday night
while being rushed from his apart-
ment at 17 West Alexander street
to the Grady hospital as the result
of drinking a dose of cyanide of
potassium, which, according to Mrs.
Lewis, he had taken with suicidal
intent because of continued ill
health.

Coroner Paul Donehoo was not-
ified by Night Chief of Police E. L.
Jett, and an inquest probably will
be held Thursday morning.

According to Mrs. Lewis, her hus-
band entered the dining room from
the kitchen shortly after supper and
declared that he had taken a dose
of cyanide potassium. "It is no use
to do anything for me. It's all
over," he is quoted as saying. An
empty glass was afterward found
in the kitchen.

Dies in Ambulance.
A Grady hospital ambulance went
to the Lewis residence, where the
Court apartments following a call
by Mrs. Lewis. Mr. Lewis was dying
when the ambulance arrived, and
was dead before it reached the hos-
pital.

Lewis stated that after in-
forming her of his act he seated
himself in the dining room. After
notifying a Mr. James, who rents a
room in the apartment, of the con-
dition of her husband, she went to
the telephone to call the hospital,
and according to her statement, the
state official pitched forward in
the floor unconscious.

An attempt at the home to admin-
ister an antidote of strong salt wa-
ter was unsuccessful, as he was un-
able to swallow it.

Mrs. Lewis told a Constitution re-
porter that her husband had been in
poor health for about two years.
An attack of influenza was in a
large way responsible for the con-
dition of his health, she said.

Conferred With Brown.
The entomology department is un-
der the direction of the department
of agriculture and the state entom-
ologist had conferred in the af-
ternoon with Commissioner J. J.
Brown relative to the work of his
department.

"I signed some vouchers for him,"
said Mr. Brown Wednesday night,
"and we talked over the work of
his department, making plans for

Foch and Pershing
To Witness Tech-
Penn State Game

Military Leaders Will Be
Guests of Two Institutions
at Contest.

When the captains of Georgia
Tech and Penn State lead their foot-
ball warriors on the field of bat-
tle in New York Saturday, they will
be watched by the two greatest cap-
tains of the age. When they evolve
their strategy it will be subjected
to the applause or the criticism of
the world's most famous strategists.

When the young athletes fight foot
inch by inch of the chalked lined
grounds, they will know that their
gallantry is observed by the two
men who stand for the noblest, the
purest and the loftiest in the fight-
ing breed.

For Ferdinand Foch, marshal of
France, generalissimo of the armies
of the allied nations, the world's
foremost figure, and John J. Persh-
ing, general of the United States
army, and commander-in-chief of
the American expeditionary forces,
will be joint guests of the Georgia
School of Technology and the State
college of Pennsylvania at their
great intercollegiate football match.

These advisers were received in a
telegram Wednesday night to Dr.
K. G. Matheson, president of Geor-
gia Tech, from Mayor W. S. Hylan,
of New York. According to the
telegram the Tech-Penn State game
has been made part of the official
entertainment of Marshal Foch and
General Pershing will occupy a
box in company with Mayor Hylan,
Mayor Key, of Atlanta, and the
presidents of the rival institu-
tions.

KEILEY DECLARED
NOT RESPONSIBLE
IN BLINDNESS SUIT

Case Goes to Jury at Noon
and Verdict Is Returned
for Defendant Late in
Afternoon.

PLAIN LANGUAGE USED
BY LAWYERS IN CASE

Reuben Arnold Says He
Is Glad No Women Are
Present, Then Charges
Blackmail Attempt.

A verdict in favor of John Keiley,
Atlanta capitalist, who was the de-
fendant in a \$150,000 damages suit
brought by Mrs. Catherine Bristol,
former chorus girl, was found by a
jury in Judge W. D. Ellis' division
of Fulton superior court late Wed-
nesday afternoon after it had been
out since noon.

This Charles Hardwick was one of
the most sensational in the history
of this county, attracted the attention
of the public on account of the fact
that the plaintiff claimed that she
lost her eyesight from drinking
"hardy" which contained wood al-
cohol which she said was given her
by Mr. Keiley, and that Mrs. Lu-
cille Sharpe, a mutual friend, who
was living with the defendant, met
her death from effects of some of
the same liquor.

Drinks Some Whisky.
Miss Sharpe died in Baltimore in
November of 1919 and Mr. Keiley
telegraphed for Mrs. Bristol to come
to Baltimore, which she did. While
there, according to the evidence, she
drank some whisky which was in
Miss Sharpe's room in Mr. Keiley's
apartment, and two days later was
taken violently ill and was rushed
to Johns Hopkins hospital, where
she died.

CONFIDENCE VOTED
IN WIRTH CABINET

New Ministry Takes Of-
fice Day After Former
Chancellor Is Named to
Form It.

Berlin, October 26.—(By the As-
sociated Press.)—The reichstag
voted confidence in the new minis-
try of Dr. Wirth tonight. The vote
was 230 to 132. The majority was
made up of majority socialists, in-
dependent socialists, centrists and
democrats.

It is constituted as follows:
Chancellor and Minister of For-
eign Affairs—Dr. Wirth.
Vice Chancellor and Minister of
the Treasury—Gustave Adolf Raue,
socialist.

Minister of the Interior—Adolf
Koester, socialist.
Minister of Defense—Herr Gesa-
ler, democrat.
Minister of Economics—Robert
Schmidt, socialist.

Minister of Food and Interim
Finance—Andre Hermeke.
Minister of Posts and Tele-
graphs—Johann Gieseler, centrist.
Minister of Labor—Dr. Heinrich
Bruns, centrist.

Minister of Communications—Herr
Groener, no party.
Minister of Justice—Herr Rad-
bruch, socialist.

The office of minister of recon-
struction was left unfilled for the
present, Dr. Wirth announced.

No reason was given in the fore-
going dispatch as to why the office
of minister of reconstruction, which
was held in the former cabinet
by Dr. Rathenau, was left open
for the present. Dispatches earlier
this week indicated that there was
some opposition to Dr. Rathenau's
reappointment one of the condi-
tions on which he would consent
to form a new cabinet.

With the exception of this post,
there are only three changes in the
new cabinet. Eugene Shiffen was
minister of justice in the former
cabinet; Friedrich Roosen, was for-
eign minister, and George Gradner
was minister of the interior. In
the new cabinet it will be noted
that Dr. Wirth himself will assume
the office of minister of foreign
affairs.

HARDING SPEAKS
TO GREAT CROWD
THIS AFTERNOON

President Will Be Met at
Terminal Station by Del-
egation and Taken to
Druid Hills Club.

PARADE WILL FEATURE
HARDING'S VISIT HERE

Parking Laws Issued by
Mayor Key to Facilitate
Traffic—Women Take
Part in Entertainment.

ALL ATLANTA INVITED.
All Atlanta is invited to hear
President Warren G. Harding
at the Grady monument this af-
ternoon at 4:15 o'clock. He will
speak from a rostrum erected in
front of the monument and a
sound amplifier will be used so
that everybody will be able to
hear with ease.

President Warren G. Harding, ac-
companied by his wife, Secretary of
War John W. Weeks, Secretary of
Interior A. B. Fall and Senator
Oscar W. Underwood, of Alabama,
and his wife, will arrive in Atlanta
at 1:30 o'clock this afternoon at
the Terminal station over the
A. & W. R.

He will be met by a delegation
of Atlantans, headed by Lee Ash-
craft and Forrest Adair, and motored
immediately to the Druid Hills
Club, where he will be wel-
comed to the city by Walker Lee,
secretary to Mayor Key, who is un-
able to be present, and to the state
by Governor Thomas W. Hardwick.

Mrs. Harding will be met by a
committee of women, headed by
Mrs. Albert Thornton and Mrs.
Charles Downman, and will be taken
for dinner to the home of Mrs. Lee
Ashcraft on Ponce de Leon avenue.
Mrs. Underwood will accompany
Mrs. Harding, while the men in the
party will go with the president to
Druid Hills.

Parade Will Begin.
President Harding's party will
then meet Mrs. Harding's party at
the Ashcraft home and journey to
the corner of Baker and Peachtree
streets, where the parade in the
president's honor will commence at
3:30 o'clock. It will be led by the
Yeasab Temple, a Shrine, "Million
Dollar band," and a detachment of
Atlanta mounted police and will
proceed down Peachtree street to
Five Points and terminate at the
Grady monument at Broad and Mar-
rietta streets.

The Grady monument program is
scheduled to begin at 4 o'clock. Mrs.
Harding will leave the president
at the Grady monument and will at-
tend a reception in her honor at
the Atlanta Woman's club. After
the ceremony at the monument, the
president will join his wife at the
Georgian Terrace and from there will
go to his train and leave for Wash-
ington.

To facilitate the progress of the
presidential party while in Atlanta,
Mayor Key has published the follow-
ing parking order:

Parking Orders for Day.
"No parking on Mitchell street,
between terminal station and
Whitehall, during the hours from

ORDER A CASE TODAY

In President's Party

Members of the official party of President Harding on his visit to Atlanta today. Upper left, Secretary of War John W. Weeks; upper right, Secretary of Interior A. B. Fall; lower, United States Senator and Mrs. Oscar W. Underwood, of Alabama.

Social Equality for Negro Impossible, Says President, Pleading Fair Treatment

Harding, in Birmingham Address, Discusses Negro Problem — Participates in Series of Affairs.

Birmingham, Ala., October 28.—North and south, whites and blacks, were admonished by President Harding here today to put aside old prejudices and pretenses and set the face of the nation courageously toward a constructive and permanent solution of the race problem. In a sweeping presentation of his views, which he delivered with varying manifestations of emotion by a crowd of several thousand whites and negroes, the president declared social equality between the races must not be considered a possibility, but that the black man must have an increased political, economic and educational opportunity if the American nation is to live true to its tradition of democracy.

The address, one of five delivered here by the president during a day's visit to the Birmingham semi-centennial celebration, was driven home with vigorous gesture and deliberate utterance as Mr. Harding seldom has employed since he became chief executive. He spoke with a manifest determination to drive his shafts to the heart of racial disagreements and to make the pronouncement one of the most plain-spoken of his administration.

Negroes Cheer Repeatedly.

Repeated bursts of cheering swept the segregated sections allotted to the negroes as they caught portions of the speech relating to political and economic opportunity. In the white section there were occasional ripples of applause as the significance of a phrase here and there was realized and pondered by those near the speaker.

In other parts of the city, during a day crowded with events of many varieties, Mr. Harding was received with a succession of intensive demonstrations. For a mile he rode through surging crowds in a street parade, a roar of cheering accompanying him from start to finish. He was cheered nearly a minute when he appeared to speak at a luncheon after the park address, and he received repeated applause as attired in scholastic cap and gown he addressed the students of Birmingham Southern college and then wearing a Masonic apron, he laid the corner stone of a new Masonic temple.

Throughout the day the president insisted that his visit to the heart of the south was wholly non-partisan and everywhere he went he was accompanied by Senator Underwood, of Alabama, the democratic leader of the senate. At a reception late in the day at the Republican club he asked Senator Underwood to stand at his side and shake hands with each of those in the line, and in his luncheon address he paid a warm tribute to the statesmanship of the Alabama legislator. During the early eve-

ning he paid a call on Mr. Underwood's mother in the residential section of Birmingham.

Speech Carefully Prepared.
 The speech on the race problem, about which centered the interest of the many thousands who are here to celebrate the semi-centennial, was a carefully prepared deliverance setting forth the president's views in direct terms. In it he appealed to the republican party to desist from "memorizing" in making the black man a mere adjunct of republicanism; warned the south that blacks should vote "when fit to vote," and insisted that there must be equal educational opportunities. Against social equality he urged both races to stand "uncompromisingly," and suggested that "natural segregations" might be the logical result of a properly applied policy.

Twice the executive departed from his manuscript, once to declare he was speaking his sentiments here in the south because he never wanted to say anything in one place he could not say in another, and again to point a forefinger at the white section of the audience and warn that "whether you like it or not, unless our democracy is a lie you must stand for that equality which gives the black man a just economic opportunity."

**ATLANTA IS HOST
 TO HARDING TODAY**

Continued from First Page.

11 a. m. to 2:30 p. m.; none on Whitehall, between Mitchell and Five Points, from 11 a. m. to 3 p. m.; on Peachtree street between Five Points and Baker street, from 11 a. m. to 3 p. m.; on Forsyth street, between Peachtree and Marietta, from noon to 3:30 p. m.; on Marietta street, between Five Points and Cone street, from noon to 3:30 p. m.; and no parking on Walton street, between Forsyth and Farlie streets, from noon to 3:30 p. m.

At the luncheon at Druid Hills Golf club there will be about 200 prominent Atlantans. Forrest Adair will preside, and following Governor Hardwick's introduction of the president, the latter will make a short speech.

At that time Mrs. Harding will be attending dinner at Mrs. Ashcraft's home. A feature of that occasion will be the presentation of a flag to the Atlanta Girl Scouts by Mrs. Harding, who is honorary president of the Girl Scouts of America. Another feature will be the presentation of a floral gift to Mrs. Harding by Mrs. Jay Kling, representing the Woman's Relief corps and the Mitchell post, G. A. R. Mrs. Kling is a cousin of Mrs. Harding.

A feature of the parade, which starts at 3:30 o'clock, will be the salute which local Shriners will give the president, who is an honorary thirty-third degree Mason, as he passes the Shrine club on Peachtree street. The Shriners will be out in uniform and feet.

President to Speak.
 At the monument, President Har-

ding will be accompanied on the stand by Lee Ashcraft and Governor Hardwick. The latter will introduce the president who will then make his speech. Following that the Yarrab Temple band will play "Dixie."

Scout Master Howard Geldert has asked the 400 Atlanta Boy Scouts who will assist in the program at the monument to report to him at the monument at 2:30 o'clock sharp. The complete official program for the reception and entertainment for the president is as follows:

Program for Day.

1:30—Meet president at the train.

Note—A small committee, headed by Forrest Adair and Lee Ashcraft, of the chamber of commerce, will constitute a reception committee and an honorary escort for the president throughout the day.

Luncheon at Druid Hills Golf club.

Forrest Adair presiding at luncheon.

President Harding will be welcomed in the name of the city of Atlanta by Walter L. Lee, acting for Mayor James L. Key.

President Harding will be welcomed in the name of the state of Georgia by Governor Hardwick.

2:00—President Harding and his party will call at Mrs. Ashcraft's home, where they will pick up Mrs. Harding and her party and proceed to the corner of Peachtree and Baker streets, where the parade will form.

Mrs. Harding will ride with the president in the parade.

2:30—Parade to Grady monument.

2:40—Parade at Grady monument.

Note—President Harding will be accompanied by Governor Hardwick and Lee Ashcraft on the platform.

(a) The ceremony will be opened by the singing of "America," by entire body.

(b) Lee Ashcraft will introduce Governor Hardwick; Governor Hardwick will introduce President Harding.

(c) "Dixie," by Yarrab Temple band.

(d) The parade will proceed from Grady monument to railway station.

The plans and order for the parade are as follows:

The various units will assemble at 3 o'clock p. m. and will move and take their places in the columns in the order given below.

The parade will move promptly at 3:30 p. m. along Peachtree to Five Points, thence along Marietta to Grady monument.

1. Mounted police, First regiment national guard of Georgia, Major Charles Cox, commanding, assemble on the corner of Peachtree and Baker streets.

2. Band—Yarrab temple.

3. Second battalion, First regiment national guard of Georgia, Major Charles Cox, commanding, assemble on the corner of Peachtree and Baker streets.

Company E, T. W. Bullfinch commanding, assemble on the corner of Peachtree and Baker streets.

Company G, Captain G. P. O'Keefe, commanding, assemble on the corner of Peachtree and Baker streets.

Assembly on north side of East Baker street, facing north.

4. R. O. T. C. unit, Georgia School of Technology, Major A. L. Pennington, Jr., commanding, assemble on East Baker street, facing north.

5. Band—Tech high school, P. S. Woodward, leader, assemble on the south side of West Baker street, facing north.

6. R. O. T. C. unit, Tech high school, Major Wilbur E. Dove, commanding, assemble on West Baker street, facing north.

On the left of Tech band, facing north.

7. Band—Georgia Railway and Power company, P. N. Baldwin, leader, assemble on the north side of West Baker street, facing north.

8. R. O. T. C. unit, Boys' high and Fulton County high schools, Major Frederick W. Johns, commanding, assemble on north side of West Baker street, facing north.

9. Georgia Military academy band, S. J. Mayo, leader, assemble on the east side of West Baker street, facing north.

10. Georgia Military academy band, S. J. Mayo, leader, assemble on the east side of West Baker street, facing north.

11. R. O. T. C. unit, Georgia Military academy, Colonel J. Q. Nash, commanding, assemble on the east side of West Peachtree street, at the rear of the Georgia Military academy band.

12. The president and party, in automobiles, will assemble on the west side of Peachtree street at the junction of West Peachtree street.

13. Mounted police.

On Marietta street, east of Grady monument, the troops will form two lines, through which the president and party will proceed to the monument, where the president and his immediate party will alight for an address by the president.

Units 1, 2, 3 and 4 will form a line on the south side of Marietta street, facing north, left wing at or near the Grady monument.

Units 5, 6, 7, 8, 9, 10 and 11 will form a line on the north side of Marietta street, facing south, right wing at or near the Grady monument, ten paces from the line of troops on the south side of the street. The south line will be at the same distance from the south curb of Marietta street as the north line will be from the north curb of Marietta street.

Company H, First regiment, National Guard of Georgia, Captain T. C. Sanders, commanding, will report at the Grady monument at 3 p. m. to act as a special guard to the president during his address.

and to assist in policing the area.

Boy Scouts of America, Atlanta council, J. A. Jamieson and Roland L. Shins, associate creators, will assemble at Grady monument at 3 p. m. to render a special service to the president and his party during the address and to assist in policing the area around the monument.

A rope will be drawn at a radius of fifty feet around the monument to keep this space clear for the free movement of the speaker's stand. Two mounted police will assist the other units in holding back the crowd.

At the end of the president's address the parade will be dismissed except that Company H and the Boy Scouts on special duty at the monument, shall remain on duty as long as is necessary.

TO SPEED ISSUANCE OF BEER PERMITS

Washington, October 26.—Issuance
of permits to brewers for the man-
ufacture of medical beer under the
new treasury regulations will pro-
ceed with promptness and dispatch,
internal Revenue Commissioner
Blair said today.
Operations of the regulations pro-
mulgated on Monday, Mr. Blair said,
would be devoid of red tape and
without undue delay. Brewers have
only to apply to their state direc-
tors, he explained, in order to ob-
tain the necessary permits.
Brewers who have violated the
prohibition law, Mr. Blair stated,
would be unable to obtain these per-
mits, but in his opinion, he added,
there were not a great many of
these.

Instances of the purchase of
closed breweries by companies for-
med for their operation under the
new regulations, Mr. Blair declared,
would be thoroughly investigated
before permits to manufacture med-
ical beer would be issued. Where

VETS CLOSE SESSIONS; OFFICERS ELECTED

Continued from First Page.

Zandt delivered a brief valedictory
to the veterans assembled before
him announced his final determina-
tion not to let his name go before
the convention as a candidate for
another term as commander-in-
chief and left the hall to attend
receptions given in his honor.
The association went on record
with a declaration that these re-
unions would be continued from
year to year so long as there are
as many as four veterans left alive
and able to travel to the reunion
city and so long as the people of
southern cities see fit to invite them
to come.

The day's activities were closed
by a musical performance by the
band of the American Legion, which
will take place next year at Point
Pleasant, Ohio, in commemoration
of the hundredth anniversary of the
birth of General Ulysses S. Grant.
The convention immediately voted
authority to General K. M. Van
Zandt, commander-in-chief, to com-
ply with the invitation.

Following memorial exercises in
which all organizations participating
in the reunion joined, Congress-
man W. D. Stephens, Georgia, made
a plea to the veterans when they
went home to build the house of
the future to the Lord, so that they
would be prepared to face their
maker and Master. Their names
were placed on the honor roll.

Congressman Upshaw also urged
the reunion to the veterans, and
to the disarming conference that
is to be held soon in Washington.

"Unless God shall build the house,
the house shall fall; and to urge
men to let God be true in estab-
lishing a universal peace."

The Confederate Southern Mem-
orial association endorsed the plan
outlined by a Virginia organization
for the establishment of a national
park on the battlefield of Manassas,
such as those at Gettysburg and
Chickamauga.

Mrs. Arthur McDougal Wilson, of
Atlanta, Ga., was re-elected pres-
ident of the association.

Other officers elected were Mrs.
C. B. Bryan, Memphis, daughter of
General Semmes, vice president,
Miss Sue Walker, Fayetteville, Ark.,
second vice president, Miss Daisy
L. M. Hodgson, New Orleans, re-
cording secretary, Mrs. Bryan W.
Collier, College Park, Ga., cor-
responding secretary, Mrs. Emmett
Merry, Oklahoma, treasurer, Miss
Mary Hall, Alton, Ill., secretary,
historian general for life, Miss Mil-
dred Rutherford, Athens, Ga., active
historian, Mrs. Lewis, post-laureate,
and Mrs. Bell Allen Ross, Rome, Ga.,
auditor.

Miss Mary Hall, of Augusta, Ga.,
the retiring historian, was elected
honorary historian general for life.
Miss Hall has attended every re-
union of the United Confederate Vet-
erans, and appeared at the sessions
of the association here dressed in the
gray of the confederacy, with coat
and hat being counterparts of those
worn by the veterans.

Arthur C. Lewis
TAKES POISON DOSE

Continued from First Page.

the future. We particularly discuss-
ed means of combating the ravages
of the potato bug. He appeared
perfectly rational, but I noticed that
he appeared to be in very poor phys-
ical condition."

J. I. Hicks, assistant commissioner
of agriculture, said that the ento-
mology board in August had granted
Mr. Lewis a four weeks leave of
absence on account of the condition
of his health, and that recently upon
his return to Atlanta he had sent a
letter of thanks to the board in
which he stated that he had bene-
fited by the trip. Mr. Hicks added,
however, that within the last week
or so there had appeared to be a
relapse in the health of the ento-
mologist.

Notifies Former Wife.
In addition to Mrs. Lewis, Mr.
Lewis is survived by a former wife,
Mrs. Mattie E. Lewis, of 220 Capitol
avenue, and a daughter by the first
marriage, Miss Alice Lewis, aged
16, of the same address. The
present Mrs. Lewis notified her
daughter and former wife by tele-
phone a few minutes after the
death.

Mr. Lewis had been connected
with the state department of ento-
mology for about sixteen years. He
was a native of Oklahoma, and was
a graduate of the Oklahoma Agri-
cultural and Mechanical college.
For the past four years he had been
head of the Georgia department of
entomology. He was one of the
best known men in his line in the
south.

Mr. Lewis also is survived by
his mother, Mrs. A. B. Lewis, of Enid,
Okla.; a daughter, Miss Carrie E.
Lewis, and a brother, George Lewis,
all of Oklahoma. Another brother,
Fred Lewis, died in Oklahoma just
a few weeks ago. The mother is
said to be an invalid. The western
relatives were sent a message late
Wednesday night.

Brought From Capitol.
Mrs. Lewis stated that her hus-
band must have brought poison from
his laboratory in the statehouse. He
had apparently enjoyed his supper
as usual, and did not seem to be
any more depressed than ordinary.
He had spoken of his office affairs,
but had given no intimation that he
would take his life, Mrs. Lewis said.

For some time Mr. Lewis had taken
a small quantity of whisky daily
owing to his health, according to
Mrs. Lewis, and when he entered
the kitchen about 7 o'clock Wednes-
day night she presumed that he
was going to take a drink.
Mrs. Mattie Lewis, the former
wife, stated Wednesday night that
she and Mr. Lewis had been sepa-
rated for several years and that she
had obtained a divorce and both had

been given the right to re-marry.
Since the separation, she said, she
had had nothing to do with her for-
mer husband, she said, but her
daughter, Alice, she stated, had
been permitted to visit her father
whenever she wished.
The Lewises formerly lived on
North Boulevard, but had only re-
cently occupied Apartment No. 9, in
the Lafayette court.

The body of Mr. Lewis was taken
to the undertaking parlors of
Donahoo & Basemore.

FOUR HURT IN WRECK Department of Agriculture Man Among Injured.

Macon, Ga., October 26.—(Spe-
cial.)—Four well-known men were
injured late this evening when a
big touring car coming into Ma-
con from Jones county ran off of
an embankment near Alexander
School No. 3, and turned over.

Theo. Ellis, Jr., driver of the car,
was pinned under the machine. He
is unconscious at the Macon hospi-
tal and is thought to have sus-
tained a fracture at the base of
the skull in addition to cuts and
bruises.

Robert L. Clifton, a reporter for
The Macon News, was thrown 40
feet down the embankment and sus-
tained two fractured ribs and is
also suffering from shock. He was
in a plaster cast at the time of
the accident, having been injured
several months ago when he fell
down an elevator shaft at the plant
of The Macon News.

Henry F. Branham, aged 65, mem-
ber of the state agricultural de-
partment, of Covington, sustained
a severe laceration on the back of
the head. Dr. Q. C. Gibson was cut
across the face, but not seriously
injured. The car was destroyed.

According to a gossip writer, the
most striking thing about a recent-
ly opened Soho restaurant is the
large number of palms to be seen
there. Held out, we suppose, after
serving you your change—Passing
Show.

In the remote parts of Scotland
people still wear garters made of
fresh eelskin as a preventative of
neumatism.

OVER \$4,000,000 DAMAGE IN STORM

Tampa, Fla., October 26.—Five
persons are known to be dead in
this city and St. Petersburg, across
Tampa bay, as the result of yes-
terday's storm which caused a local
property damage estimated at be-
tween \$1,000,000 and \$2,000,000. The
storm was the worst that has
struck this section since 1911.

The known dead of Tampa are:
Jimmie Jurno, killed by live wire.
Mrs. J. D. Wilder, drowned.
Louis Vaire, drowned.

At St. Petersburg there were two
known deaths: F. C. Wolfe, 18,
crushed when roof caved in on him.
J. W. McLean, 75, heart failure.

LOSS BEING
RECAPITULATED.

Lakeland, Fla., October 26.—South
Florida spent today in recapitulat-
ing the damage, estimated to run
well in millions of dollars caused
by the gulf hurricane which tore
northeastwardly across Florida's
peninsula yesterday. At times, at-
taining a velocity of 70 miles an
hour, the gale wrought destruction
to smaller obstacles in its path, but
only in a few instances, according
to reports, causing a loss of life.

While there have been only five
isolated cases of deaths from the
storm, it is feared the clearing
away of the debris in Tampa's
wrecked portions might add to the
list. Of the cities and towns with-
in a radius of 40 miles of Lakeland
that could be reached by automo-
bile today, Tampa appears to have
suffered the greatest damage.

The Bay Shore drive residential
section, from Franklin street to
Port Tampa, is a panorama of de-
struction. Trees are down, houses
with roofs torn away, and founda-

tions weakened from the tidal wave
that swept in over the sea wall
from Tampa bay, have collapsed and
logs and other debris swept in on
the onrushing waters' crest now
grace what were once the beautiful
lawns of the Hyde park section, one
of Tampa's most fashionable sub-
urbs. Along the water front large
sections of the wall were swept
away, and parts of the street were
washed into the bay. Houses im-
mediately adjoining the boulevard
were crushed in by the gale.

Resort Destroyed.
Sunset Beach, a popular resort of
Tampa, was completely destroyed.
Small houses were torn down and
washed away, and the white sands
of the beach now show no vestige
of ever having been inhabited.

The downtown section of Tampa
was more fortunate than the out-
skirts of the suburbs, the damage
in the city proper being confined
to the breaking of plate glass win-
dows, the tearing down of awn-
ings and the unroofing of houses.
A warehouse occupied by the Gulf
and Southern Steamship company
was inundated. This was part of the
Mallory line docks.

Conservative estimates place the
damage in Tampa proper at
\$3,000,000.

The storm, traveling north, ap-
peared to concentrate its full force
on Ybor City, the Latin quarter of
Tampa. Nearly 500 houses were
wrecked in that section. In the
Palmetto Beach section, approxi-
mately four square miles of ground
was inundated. Women and chil-
dren in this section were rescued by
a band of 40 volunteers and carried
to safety in the highlands of round
city. All the dwellings in the Pal-
metto section were completely de-
molished, and it is feared that some
of the rescuers may have perished,
as boats brought into play were
swept out from shore and wreck-
age later gave mute evidence of
their fate.

Business Houses Damaged.
Among the business houses be-
ing seriously damaged in the Ybor
City section were the National Pa-
per company, Peninsular Paper
company, C. H. Moorehouse, Cum-
berland and Liberty Mill company,
J. Q. Brantley company and Con-
solidated company. Avery & Owen
Co., Lucas Brothers, Jackson Grain

company, Perkins & Sharp and a
number of smaller Cuban indus-
tries.

ST. PETERSBURG
WATER FRONT GONE.
Jacksonville, Fla., October 26.—
The entire water front of St. Pe-
tersburg was wiped out by the Gulf
storm yesterday, the worst gale the
city has ever experienced, accord-
ing to a message received by The
Times-News tonight from Thomas
W. Perkins, of St. Petersburg, deputy
license collector of Pinellas
county.

Mr. Perkins said he had trav-
eled in an automobile from St. Pe-
tersburg to Brooksville to send the
message. Pass-A-Griele was report-
ed as wiped out, he said. Tele-
gram follows:

MILLION DAMAGE
IN ONE COUNTY.
Fort Myers, Fla., Via Punto Rassa
Cable Station, October 26.—The
fierce gale this section has known
in several years raged here for 36
hours beginning at midnight Mon-
day and attaining a maximum ve-
locity of 100 miles. Transmission
service was prostrated while the
property loss for this Lee county,
is expected to total well over a
million and a half dollars. Re-
ports from Sanibel and Captiva
Islands were to the effect that wa-
ter covered the entire islands. Ec-
tero Island, near here, on which
two beach resorts are located, was
badly damaged, the casino, cot-
tages and other buildings being
wrecked.

RAILROAD GRANTED
A PERMIT TO QUIT
TRAIN OPERATION

Washington, October 26.—The in-
terstate commerce commission to-
day extended permission to the Ala-
bama and Mississippi Railroad com-
pany to abandon its railroad lines
in the states of Alabama and Mis-
sissippi. The commission found that
the 75 1/2 miles of lines controlled
by the corporation had insufficient
traffic to justify continuance of op-
eration.

How Millions Now End Corns

They First Stop the Pain Instantly This Easy Way
SOME years ago a famous expert found a new way to end corns. A laboratory of world-wide fame adopted and produced it.

Thousands of people tonight will stop the pain throbbing and then bid farewell to corns. Corn troubles everywhere have largely disappeared.

The way is Blue-jay—the liquid or the plaster. Apply it by a touch. The pain stops instantly. The whole corn soon loosens and comes out. The way is gentle, easy, quick and sure. It is scientific. Quit old ways and try this one now. Watch what it does to one corn. Join your friends, who never let a corn pain twice. Begin tonight.

Your druggist has Liquid or Plaster **Blue-jay** stops pain—ends corns
a Bauer & Black product

Atlanta Dealers In Autos Adopt New Sale Method

Tentative adoption of the "Saginaw plan" of handling used cars, or a plan whereby dealers will furnish one another with such information as may be necessary to eliminate trade difficulties occasioned by lack of concerted action, and the decision that the closed car show be held in the Lullwater building the last week of November, featured the dinner meeting Wednesday night of the Atlanta Automobile association.

In order that the plan may be placed before other automobile dealers who are members of the association, the association will again meet next Wednesday evening at 8 o'clock at the Daffodil tea room. The "Saginaw plan" is called by virtue of having been used with great success in Saginaw, Mich., since 1914, and has been aided in solving used car problems for dealers in other cities, provides a profit for the dealers who handle the used automobiles.

SAYS ATLANTANS ARE INDIFFERENT TO CITY HOSPITAL

"Atlanta people are entirely too indifferent to the Grady hospital; they will give money for its upkeep, yes, but when a special day is arranged for visitors there are usually about 25 to attend out of more than 200,000 Atlantans," declared Steve R. Johnson, superintendent of the Grady hospital, in a speech before the Atlanta Masonic club Wednesday afternoon in the Peacock cafe.

Thirty years ago," said Mr. Johnson, "the immortal Grady wrote an editorial in The Atlanta Constitution and then and there began the movement for a public hospital for Atlanta. Today we have 400 beds and serve more than 1,000 meals per day. The building addition for negroes just opened is the finest negro hospital in the United States, bar none."

"500 BUILDING CLUB" PLANNED BY CITY WARDEN

Aiming at relief from the unemployment and high rent conditions in Atlanta, W. H. Johnson, city warden, announced Wednesday that he will begin at once the erection of a residence to rent at a nominal price and challenged 500 other Atlantans to follow suit.

ELEVATOR SAFETY DEVICE PLANNED AT THE CITY HALL

The elevator in city hall will, within the next ten days or two weeks, be equipped with automatic electrical safety devices. On each shaft door will be fixed an electric "contact" contrivance, which, it is said, will make it impossible for the elevator to move up or down unless the doors are closed. An emergency cut-out also will be installed.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and cures almost all coughs.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in view of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

LECTURES ON X-RAYS TO FEATURE MEETING

Lectures on X-rays will be delivered to the local medical profession by Dr. J. W. Landrum and

Dr. Allen Bunce at a meeting of the Atlanta section of the American Institute of Electrical Engineers Thursday evening at 8 o'clock in the Chamber of Commerce building. A moving picture also will be shown through the courtesy of the General Electrical company.

TROOPS SAY GOODBYE TO GENERAL MORRISON

Fort McPherson troops lined up in honor of Major General John P. Morrison, commander of the Fourth

corps area, when he boarded a train for New Orleans at the Fort Tuesday afternoon on his way to California with his wife. He is going on a vacation. His retirement from service is slated for December 31. Major General E. D. Shanks succeeds him.

KING'S

Most Gorgeous Display of WHITE IVORY

Ever shown in the city at very attractive prices. You will have to visit either our 53 Peachtree Street Store or 135 Whitehall Street Store to see what we have to offer in this line of goods. Below is only a partial list of a few patterns.

PROVES A VALUABLE AID TO REGULAR SALESMEN

By JAMES L. WELLS

Division Manager, The Whitaker Paper Company (Atlanta Branch)

We take this opportunity of expressing our satisfaction and appreciation for the sales development work you are doing with your subscribers in connection with your long distance service.

The more use we make of this service at your suggestion, the better pleased we are and the more effective we feel it to be as an adjunct to the regular calls of our salesmen.

Uses Long Distance Service to Back Up Salesmen

James L. Wells, Division Manager of the Whitaker Paper Company, is taking advantage of every opportunity to assist and encourage his salesmen.

The Long Distance telephone is used largely for this purpose, and the more he uses it the more effective he finds it.

Your salesmen will also appreciate the aid you can give them by using the Long Distance telephone to back up their efforts.

Many business houses are doing this, and the low station to station rate saves from 20 to 75 per cent.

Call Long Distance for rates, or ask the Manager what others are doing.

Half-Billion-Dollar Freight Bill on Lumber

FREIGHT bills on lumber amount to \$500,000,000 a year. Almost as much as the entire cost of cutting the logs in the woods and sawing them into boards at the mills.

Sawmill men have reduced their manufacturing costs to a minimum in order to stimulate the revival of building on a normal cost basis.

Sawmill men have no control over freight rates or the other costs of distribution of lumber. They speak authoritatively only of the cost of lumber at their mills.

Lumber Prices Down To Rock Bottom

SAWMILL men have reduced the price of lumber at their mills more than one-half. Prices of some low-grade items are lower than before the war.

More than 100,000 men are out of work in the lumber industry because sawmills can't find market for their output at a price sufficient to cover the cost of production.

This is in the face of a shortage of not less than 1,500,000 homes, according to Government estimates.

Freight Costs More Than Lumber

MORE than 30,000 sawmills compete for the lumber business of the nation.

This competition normally keeps mill prices down because 20,000 sawmills could supply the demand.

As long as the public has to pay more for the transportation of a carload of lumber than it pays for the lumber itself at the sawmill, the benefit of low prices at the sawmills will not be fully shared by the consumer.

PLANS ARE RUSHED TO MEET STRIKE

Although newspaper reports indicate that the proposed railroad strike for October 30 is unlikely to

materialize, it was announced in Atlanta Wednesday afternoon that no stone will be left unturned by those in charge of preparations to place Atlanta in position to meet all conditions which may possibly arise. At the next meeting of the emergency board at 11:30 o'clock Friday morning, in the chamber building, it is expected that every detail of the emergency plans will have been completed, and that Atlanta, if the strike happens, will be in readiness.

W. E. Hixon, chairman of the committee on registration for volunteer railroad service, Wednesday, said: "We have already had more than a thousand volunteer registrants, and if the strike occurs in the next hour we would be ready to handle the situation in so far as labor is concerned."

He also said that the emergency board is not taking sides with the unions nor with the railroads, but is working for the protection of the citizens of Atlanta.

When Failure Hurts the Most

Why Are Some People Successful and Others Failures?
Why Is One Person Healthy and Happy While Another Is Sick and Gloomy?

It is because one has pure, rich, red blood, while the other has weak, watery, thin blood which is loaded with waste products.

The blood is more important than any of the organs. It is thru the blood that the whole human body is directly or indirectly nourished. The body gets its nourishment from the intestines. The intestines also contain waste products—undigested foods, acids, gases and refuse, which sometimes get in the blood.

Don't clog the system—clean it out—eliminate the waste products. Waste matter in the blood causes people to be thin, pale, and weak. It causes pain in the joints and muscles—it causes skin troubles, pimples, bad boils and sores. A good blood purifier is needed to rid the system of waste products.

S. S. S. has successfully relieved thousands of people suffering with such troubles. It is a supreme

system builder because it goes to the seat of the trouble—removes the waste matter and builds up the system.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at any drug store. Use it strictly according to directions, and write our Chief Medical Director about your case. He is a specialist in blood and skin troubles. His advice and treatment is every day helping people back to health and happiness. There is no charge for this service. Also ask him to send you his illustrated booklet, "Facts About the Blood"—free. Address Chief Medical Director, Swift Specific Co., 723 S. S. S. Laboratory, Atlanta, Ga. Ask your druggist for S. S. S. (adv.)

Speed Essential In Atlanta Drive For University

Total of \$168,000 Raised,
But \$148,000 More Is
Needed.

Speed is still essential in the Atlanta phase of the University of Georgia memorial drive, though progress continues at a satisfying rate, said Harold Hirsch, local chairman of the movement, in reporting that sizable reports at the luncheon Wednesday had hoisted the total here from \$158,000 the day before to approximately \$168,000.

Teamworkers are still hard at their campaigning and it is expected that the Fulton county goal of \$312,000 will be attained by the local alumni and others who are aiding in the movement to secure a million dollars for the betterment of the state school—the improvements to be dedicated to the alumni of that institution who gave their lives in the world war.

"The boll weevil can't stop the war memorial campaign. Its beak may be strong enough to puncture a cotton square, but it can't even make a dent in the spirit of the University of Georgia men who are out to get a million for their university, and not a cent less."

This is the news conveyed in a telegram received at campaign headquarters in Athens from V. E. Durden, of Graymont, who wires: "The boll weevil has eaten everything in Emanuel except our Georgia spirit. Have \$2,475 subscribed and are determined to get our quota before Friday. Had dinner with team captains last evening. Fine spirit. Every man is enthusiastic about the outcome."

In almost equal degree optimistic reports are coming in from other parts of the state where Georgia men are working to get their quotas for the university, but it appears that the honor of being the first county in the state to reach its quota, aside from Clarke, the home of the university, will go to Emanuel.

The city of Athens, not content with arriving at its quota in the campaign, is continuing solicitation for gifts with the expectation of making large gains in its present gift of \$127,825, which amounts to \$17,000 more than its quota. Reports from Savannah indicate that Chatham county will subscribe its quota at one of the early report meetings. Columbus has already raised more than half of its \$25,450, and will probably present the entire amount to the university on the occasion of the Georgia-Auburn football game which is to be played in Columbus next Saturday.

AIDES ARE APPOINTED BY MAJOR M'WHORTER

Major Fonville McWhorter, marshal of the day on the occasion of the Peace monument re-dedication exercises, under the auspices of the Old Guard next Sunday afternoon, Wednesday designated the following aides and announced the order of the parade that will precede the meeting at Piedmont park: Henry W. Lyon, Lieutenant R. M. Burrows, U. S. A.; Alfred Thompson, R. R. Patton, Homer Thompson, James Bankston, H. Y. McCord, Jr., and Lieutenant Sharp.

The order of march, according to Marshall McWhorter, will be as follows: Starting point, Georgian Terrace hotel; time, 2:30 p. m. Line of march: Out Peachtree street to Piedmont park.

The units and organizations taking part in the parade will establish points of rest and join the column in order of precedence shown below: 1. Chief J. L. Beavers and mounted police; 2. Marshall and

staff (points of rest on Peachtree street); 3. Old Guard, under command of Major C. P. Byrd, and Second Infantry, National Guard of Georgia, under command of Major Charles H. Cox (point of rest on Ponce de Leon avenue); 4. cadet corps, Emory university, under command of Major B. D. Edwards; 5. cadet corps, Georgia Military college (point of rest East Third street); 6. cadet corps, Marietta college (point of rest East Fourth street); 7. Tech High school and Boys High school (points of rest East Fourth street); 8. veterans and organizations, in automobiles; United Daughters of the Confederacy; Ladies' Memorial association; Daughters of the American Revolution; War Mothers; Atlanta Woman's club.

The organizations under No. 8 will form on Fifth street and follow the last unit of troops. Aides will escort vehicles to position.

After the proprietor of the Lorine Hat company, 168 Peachtree street, failed to identify Herbert

Gaines, aged 20, a tailor, and Miss Elizabeth Kelly, as persons who had on in the store the day before the night of the \$7,000 fur theft from the establishment, the suspects were released Wednesday by the police.

Bed Room Furniture

For Daily Companionship
Furniture, Like Friends,
Should Improve on Acquaintance

There are qualities in our furniture that will endear themselves to you—qualities of construction, of finish, of design—wearing qualities, which above all are most essential in furniture or in friends. The makers of this furniture have builded with a purpose to make friends.

Appearance goes far, but unbacked by quality that endures, comes to an untimely end.

Prices, consistent with quality, are reasonable.

We cordially invite inspection and comparison.

A Parchment Suite of Louis XVI design is very beautiful. The artist who finished this suite has reproduced most effectively on wood the soft, beautiful appearance of rare old parchment. A touch of color is introduced in finely executed medallions and festoons, hand-painted.

There are twin beds, a dresser with hanging mirror, chiffonette, dressing table, bench, bedside table, chair and rocker.

Battleship Gray in beautiful enamel finishes a suite somewhat of Empire design. The color is beautifully soft and pleasing. A raised Empire design gives just a necessary touch of decoration.

The bed is most attractive—double size with bow-foot. There is a very pretty vanity with fine full-length mirror. The dresser is quite wide with a large mirror. There is a dressing table, chiffonette, bench, chair and rocker.

American Walnut has been made into a very handsome suite of Queen Anne design. The beautiful grain of the natural wood is brought out finely in the splendid dull finish.

The dresser is quite large with an extra large mirror of very handsome design. Other pieces are a full size double bed, dressing table with triple mirror, large vanity, chiffonette, bedside table, bench, chair, rocker.

Colonial Mahogany, this set, in the dull red typical of the period.

A pretty four-poster bed of full size. The large dresser has an exceedingly large mirror. A handsome chest of drawers with a separate mirror to match. A dressing table with triple mirror and chairs complete this set.

A Special Price has been put on a very lovely suite in old ivory of Empire influence in design—a splendid suite, high grade in every way. There are seven pieces—double bed, dresser, chiffonette, half-vanity, bench, chair, rocker.

Special close-out price \$375.00

Separate Bed Room Pieces

Four-poster beds are shown in wide variety of charming designs. Priced upward from \$75.00

Dressers, dressing tables and chiffonettes can be had in odd pieces to fit in with most any suite in mahogany.

Cedar Chests

In attractively substantial designs. Natural red cedar is fashioned into chests of varied sizes and designs. Rather small under-window chests are fine for bed rooms—a good place to keep furs conveniently at hand and for many other articles of wearing apparel. Larger sizes up to great storage chests for the family wear and bed things are shown also.

Chests are priced \$18.50 to \$41.50

Chests of Drawers

Or storage chests in mahogany are wonderfully roomy and convenient. Really handsome pieces of furniture, they can be attractively placed in bed room, back hall or upper hall, where their capacious drawers will most conveniently store bed and table linens and every kind of personal apparel.

Very large, roomy drawers are designed for blankets and large pieces.

BOWDOIN HEADS GEORGIA MASONS

Macon, Ga., October 26.—(Special.) The grand lodge of Georgia Masons, at its closing session today, laid the foundation for a plan to educate dependent children of Masons when it gave \$5,000 for the work and voted to create a commission to handle the fund and to appropriate annually toward it. The commission, which will be named by the grand master, will work out the details of the plan.

The grand lodge decided not to build the proper temple as a home for the grand lodge, this year, nor will it build a home for aged Masons or their widows, at this time, preferring to disburse its charity fund through a commission, which will also be named by the grand master.

Bowdoin Elected.
At the annual election of officers today Joe P. Bowdoin, of Adairsville, former deputy grand master, was elevated to the grand mastership, succeeding Rev. Charles L. Bass, of Atlanta.

Other officers elected are: J. D. Hambrick, Carrollton, deputy grand master; J. E. Sheppard, Americus, senior grand warden; W. S. Richardson, Junior grand warden; J. M. Rushin, Boston, grand treasurer; Frank F. Baker, Macon, grand secretary; J. G. Patterson, Dublin, grand chaplain; A. G. Miller, Waycross, senior grand deacon; Hal Rivers, Columbus, junior grand deacon; B. L. Patterson, Lawrenceville, grand marshal; Hugh L. Taylor, Cathbert, first grand steward; R. S. Talmadge, Monticello, second grand steward; R. H. Palmer, Mt. Vernon, third grand steward; and Lee Wages, Macon, grand tyler.

The only new officer elected was W. S. Richardson, to the position of junior grand warden, all of the

others being promoted with the exception of the grand secretary and grand treasurer.

For the first time in the history of the grand lodge, the doors swung open to a woman today, to four women, in fact, the occasion being the presentation of a past grand master's jewel to the retiring grand master, Rev. Charles L. Bass, of Atlanta. Dr. James W. Taylor, of Luthersville, Georgia's oldest Mason, who celebrated his 85th birthday, met the group of women at the outer door, and, carrying a Confederate flag, led the way to the rostrum.

SENATE ASSURES REPEAL OF LEVY

Continued from First Page.

ate will be extended, however, an hour in the evening, and will begin an hour earlier.

"Careless discussion apparently has ended," said Penrose. "With the corporation income tax out of the way, he said, only two high spots will remain for settlement—the tax on the undistributed profits of corporations and the tax on estates. Penrose is hopeful that a vote on the bill may be had by the end of the week, if the present rate of progress is continued."

CRITICISM OF HARDWICK DUE TO ADMINISTRATION

Continued from First Page.

tion had not expected either the representatives from the Atlanta district or the senior senator of Georgia. Senator Harris was summoned over the telephone by Senator Smith to come to the latrine. Senator Smith and the senior senator responded to the call. This was the first he knew of the presence in Washington of a delegation from Atlanta.

"Congressman Upshaw learned

that the delegation was here and voluntarily went to ex-Senator Smith's office to join it.

"Ex-Senator Smith received two telegrams from Governor Hardwick while in his office and the governor in these telegrams to the ex-senator asked him to request the president to speak at the Auditorium instead of at Grady monument. This, of course, shows that the governor was recognizing the ex-senator as the official representative of Georgia here at the capitol.

"The incident referred to, of course, hurt my feelings as it would those of any other man in my position, but it was not the cause of the criticism of the governor's administration. When he visited my house during the week of congress, I went as far as I could with a guest in telling him of my disappointment of some of his official conduct. State Senator James H. Boykin, who represents my district, will bear testimony that I had expressed deep disappointment at Governor Hardwick's failure to keep promises. Others know the same thing."

"THOMAS E. WATSON."

HARDWICK EXPLAINS PART IN PROCEEDINGS

Savannah, Ga., October 26.—(Special.)—Governor Hardwick, after a busy day, left at 9 o'clock tonight for Atlanta, where he will spend the night at the hotel.

Asked by a newspaper representative if there were anything of the report said to be circulated in Atlanta that he would not participate in the exercises in connection with the fair grounds and evinced great interest in the Tri-State exposition which is in full swing.

As soon as I learned that Senator Watson felt slighted by the information to Mr. Lee Ashcraft, president of the chamber of commerce, and he came to my office. It was not necessary for me to suggest that he write a letter of amenity to the governor. He assured me there was not the remotest intention on the part of the committee to slight the senator, and said he would at once write the senator to that effect, which he did. Of course, I did not threaten to withdraw from participation in the program."

Cut Man's Throat And Then Attempt To Rob His Store

R. Ambrose, who conducts a store at 208 East Georgia avenue, was severely cut on the neck by one of three negroes who entered his store just as he was closing Wednesday night. He was cut while two of the negroes held him, and the negroes then, it is stated, began a search for money. Before they could find any cash, however, they were frightened away by arrival of several persons in the front of the store in an automobile.

Mr. Ambrose was taken to Grady hospital, where physicians stated that his jugular vein had been badly lacerated by the negro's knife. Mr. Ambrose was given treatment, carried to his home.

Earlier in the night three negroes held up at the point of a pistol and robbed J. E. Thompson, of 208 Davenport street, of \$41.15, a watch and other articles. This case was investigated by Officers Bullard and Cody. As Mr. Thompson was unable to give a description of the blacks, police do not know whether or not they are the same at whose hands Ambrose was cut.

Three negroes were seen by a motorman on a Soldiers' Home street car, on Marietta street, to break the plate-glass window of the Taylor Dry Goods company, at 431 Marietta street. The motorman shot at the negroes three times, but missed each time, and the blacks escaped.

Three negroes were seen early Tuesday morning by a motorman on the car line attempting to break into the store of D. E. Krugman, at 654 East Fair street. They then abandoned the attempt.

Police report that three unidentified negroes were seen prowling in the vicinity of the Eiseman & Sons clothing store, at 1 Whitehall street, shortly before it was discovered that the store had been entered by burglars. It has not been learned if the robbers obtained anything.

Officers to Be Named At Eastern Star Meet Thursday Afternoon

The address of welcome at the opening meeting Wednesday of the Eastern Star convention, held in the Georgia chapter hall, at Georgia avenue and Pryor street, was delivered by Jesse W. Armistead, district grand patron. Response was made by Mrs. Frances Mae Dabney, of Conyers, Ga., past worthy grand matron. Mrs. Dabney at the conclusion of her talk was given a bouquet of roses. Talks were also made by Mrs. Nancy Heard Dabney, of Lexington, Ky., worthy grand matron, and Mr. Johnson, of Savannah, worthy grand patron. Degrees were conferred, with lectures illustrated by stereopticon slides, which were also used in connection with a drill by members of the order.

The convention will meet again at 2 o'clock Thursday afternoon, when officers will be elected, and reports of present officers read. The officers will be installed Thursday night, when the convention will hold its closing meeting at 7 o'clock.

KEILEY DECLARED NOT RESPONSIBLE

Continued from First Page.

the time, according to affidavits read to the jury during the trial, she exonerated Mr. Keiley of any blame in the matter.

Counsel for both the plaintiff and the defendant in arguing before the jury did not mince words, but called a spade a spade. "I am glad that there are no women in the courtroom," stated Attorney Reuben R. Arnold, of counsel for the defense, when he began his argument Wednesday. "Because I am going to say some things to this jury that would embarrass them." He declared that this suit was like "the attack on any woman might make on a rich man she wanted to blackmail."

"Mrs. Bristol told you on the stand that she had nothing against Mr. Keiley," Mr. Arnold said. "I do not believe that this woman ever had it in her mind to sue Mr. Keiley until it was suggested to her. The finger of suspicion points to J. W. Barwick, who is at present living with Mrs. Bristol—and who has lived with her for a number of years."

Sarcasm and humor.

"The testimony in this case has shown that Barwick has for a number of years been a promoter of questionable enterprises and it is clear that he has had a great deal to do with having this suit brought."

It is an absurd thing to say, giving this plaintiff \$150,000 or any sum," Mr. Arnold told the jury. "They talk about a fight between Keiley and Lucille Sharpe in Baltimore. There are 500 such wanton attacks between men and fast women in Atlanta every night and nobody hears anything about it."

Attorney E. C. Buchanan closed for the plaintiff and argued along the line that Mr. Keiley wanted to get rid of Mrs. Bristol because she knew of his relationship with Miss Sharpe.

By consent of both sides the case was tried the last three days with only eleven jurors, the twelfth being taken sick with ptomaine poisoning.

In and Around Decatur

BY COLONEL JEFFERSON SHACKLEFORD MILLS

White's Park Plan

Decatur, Ga., October 26.—(Special.)—The citizens of Decatur are deeply interested in a plan to convert into a park all that stretch of land lying within the corporate limits of the city between the Georgia Railway and Power company line and those of the Georgia railroad, comprising a strip of about one-quarter of a mile in length, which at present is very unsightly in almost all of its length, but which generally it is said presents aspects for easy beautification. This plan was evolved by it. E. White, a member of the board of the city commissioners of Decatur, and is embodied in the preambles and resolutions presented by him at the last meeting of the commissioners and unanimously adopted.

"Bear in mind, the plan is not to try to get this entire development project through at once, nor next year, or perhaps, not inside of say five years," said Mr. White. "We now have not the money nor the resources for raising the necessary money in eight, but the point is this: First get started thinking about it—get the picture of a whole development as it will appear when completed, firmly fixed in the minds of our wide-awake and progressive people; then start it, and see how easily the necessary money will be found once the people visualize the proposition and see and begin to realize what it will mean to their happiness and welfare and to the value of their property to have the rail rights-of-way through the heart of the city changed from an eye-sore and a series of death-traps into a beautiful, symmetrical parkway, and to be able to advertise to the world that Decatur is a city without a grade-crossing on the steam road, traversing it or upon its main street car line."

"My idea is to first grade down the clank between Mead station (Hopkins street extended) and Melrose avenue, dumping the dirt into the depressions between Melrose

and East Lake drive and between Landown and Adair streets. If we have no money with which to do more than that.

"Then when we are able, finish the improvement of Howard street, by grading and paving it, extending it through, on grade, from East Lake drive to the depot. Then put in just one underpass for pedestrians, if we have no money with which to do more at the same time. Then, when we get the money, put in another, and another, etc., until eventually the whole development will be completed; and, with the railroad and street car company co-operating, as I feel sure they will be glad to do, both through motives of public-spiritedness and a desire to get rid of the grade-crossing hazard, the people will be surprised to find how easily the whole project will be accomplished, and how quickly."

In fact, I believe that after one underpass is put into service, and the children using it spared from the daily peril of crossing two busy rail lines and a congested automobile thoroughfare, the mothers of the city, noting the result, will do the rest," he said.

Mass Meeting Called

A mass meeting of the citizens of Decatur is called to be held at the courthouse on next Monday night, at which time a new city democratic executive committee will be elected, having in charge the ordering of a primary election to choose nominees for two places on board of city commissioners.

Former Official Dies

Clarksville, Tenn., October 26.—Michael Severe, who served as an assistant to former Attorney General McReynolds, died at his home here today. He was 59 years of age.

\$4,000,000 Gone

In Sensational Mail Robbery

New York, October 26.—The United States mail truck which was held up in what is becoming the most sensational mail robbery in the history of New York, contained twenty-eight mail sacks, of these twenty-eight, eleven were registered, of these eleven, four contained the bulk of the high-value shipment—at least \$4,000,000 worth of negotiable securities.

The robbers, who forced the truck driver, Frank Havranik, to drive down a side street, where they tied a laundry bag over his head and leisurely sorted out the pouches they were interested in, took five sacks, altogether, ignoring the others. The five they took were all registered, and all are believed to have contained bond shipments from Wall Street firms.

It is not surprising, therefore, that postal inspectors working on the robbery have a suspicion that the hold-up was an inside job.

It became known Wednesday that the amount stolen by the hold-up men will run far in excess of the first estimate, which placed the loss at a million dollars. As bank after bank—including the Chase National bank, which lost nearly \$500,000—reported missing mail valued at from \$100,000 to \$250,000, it became evident that the robbers had obtained the cream of Wall street's late mail.

Postoffice inspectors are checking the numbers of the missing securities will not be known for two weeks or more.

The truck driver has not been arrested, and has consistently stuck to his original story, except in one incident. He now says that a second automobile, the number of which he was unable to read, blocked his way when he tried to turn out for the car containing the thieves.

Detectives have a piece of the laundry bag with which the truck driver was covered, and are seeking to trace its origin.

CONFERENCE FAILS TO AVERT STRIKE

Continued from First Page.

and railroad executives filed out, seemingly depressed.

Fear of Reductions

Earlier in the day the board attempted to establish that the brotherhood leaders had called the strike, not because of the July 1 wage decision, but because of fear of further reductions. Without exception, while admitting that the men were cognizant of the intention of the roads to further cut wages, they replied that the strike was voted solely against the board's wage order.

Ben W. Hooper, vice chairman of the board, who conducted the examination, asked the labor leaders why they had ordered their general chairman not to appear after they were cited by the board.

"As I understand it," said W. G. Lee, "the transportation act makes it imperative for both the carriers and the employees to submit disputes to the labor board but it is not my understanding that either party has to obey these decisions and I very much doubt the jurisdiction of the board in this matter. That is a question that must yet be determined by the courts."

GOVERNMENT WILL ENJOIN ACTION

BY ROBERT J. BENDER.

United News Staff Correspondent.

Washington, October 26.—Attorney-General Daugherty has decided that should a rail strike go into effect, the government, if necessary, will enjoin the leaders against stopping transportation of mails and interstate commerce.

A precedent for such action was established during the famous Pullman strike in 1891 and Eugene V. Debs, then president of the American Railway union, can testify today that leaders acting in contempt of such an injunction, can be placed in jail and kept there.

Briefly, this appears to be the initial program of the government in event all other means of preventing a collapse of transportation fail. Troops will be resorted to only in extreme emergency, for it is believed that sufficient men will be available to man all trains.

The big question, of course, is whether injunction proceedings against the brotherhood chiefs and others—or even the jailing of the union officers in event they disobey the court—would stop the strike. In the case of the Pullman strike, the walkout spread steadily throughout the west and parts of the east until in the latter part of June it reached its peak. This was shortly after Debs had called his "sympathy strike" to cripple all transportation systems.

After the injunction was invoked against him and his fellow officers in July and all were sent to prison for six months, the strike began to wane. It was never officially called off but interest died out and by the latter part of August the railroads had returned to normal operation.

POLICE TO HAVE "GAS BATTALION" FOR MOB TROUBLE

Philadelphia, October 26.—The Philadelphia police department is to have a "gas battalion" which will be utilized to repel disorderly mobs and in cases where criminals barricade themselves in buildings and defy the authorities.

Council's finance committee has approved an appropriation of \$2,500 to purchase tear gas, gas bombs, masks and other equipment, and Superintendent of Police Mills said today the "gas battalion" would be organized soon.

The squad, he said, would consist of between forty and fifty men to be trained by officers of the United States army under the supervision of Brigadier General Amos A. Fries, of the Aberdeen proving grounds.

New Identity Is Given Body In Torso Murder

New York, October 26.—The legless body of the murdered woman found last Saturday in a pool of rainwater in Long Island City was reidentified late today as that of Mrs. Dolly Bailey Higgins, of this city.

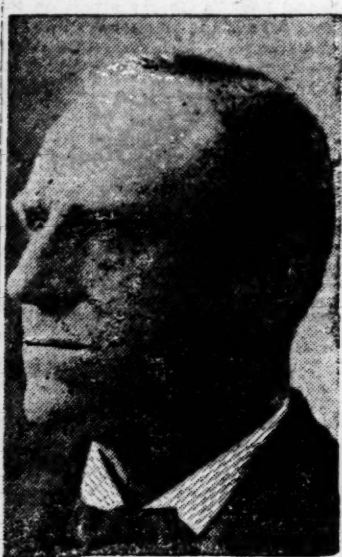

Last Monday Mrs. Mary Bullard sister of Mrs. Higgins, viewed the body and declared it was Dolly's, but a few hours later Higgins visited the morgue and denied the body was that of his wife. The body on two other occasions had been erroneously identified—once by a captain of marines as that of a girl who had complained to him that one of his men had wronged her, and again by a Jersey City woman, giving a fictitious address, who declared she recognized the face of a former domestic, Bertha Becker.

The reidentification was made by Mrs. Anna Bailey, of Brooklyn, mother of Mrs. Higgins, who was accompanied to the morgue by Mrs. Helen Otto, of Brooklyn, and Omer Dennis, of East New York, both of whom also identified the corpse and said they had known Mrs. Higgins a score of years.

Mrs. Bailey gave the police the name of a man who she said "knew about poor Dolly." She also asked the arrest of his brother, a physician.

Mrs. Bailey said Mrs. Higgins had left home two years ago and she hadn't heard anything of her until Mrs. Bullard made her identification Monday.

Two Pioneer Atlanta Leaders Celebrate Birthdays Friday

Frank P. Rice (left) and Captain James W. English, prominent Atlantans and friends of fifty years' standing, who celebrate Friday their eighty-third and eighty-fourth birthdays, respectively.

BY PAUL WARWICK.
Of all fool words of pen or tongue.

"The fooliest are these—
The good die young."

Thus can poetic license inspire one who knows that tomorrow, October 28, one day after President Harding has looked us over and two days before the railroads may cease to railroad, James W. English, celebrating his eighty-fourth birthday, and Frank P. Rice, his eighty-third.

These two active Atlantans have seen Atlanta grow from the ground up. Mr. Rice has lived here since the year 1847, fourteen years before the war between the states, and Captain English has lived here since the year after the war closed.

Yet Thursday Captain English will be seen, as usual, in his office at the Fourth National bank, of which he is chairman of the board, and Mr. Rice will come down to the district court to serve as a member of the federal grand jury.

Leaders they were in those days when Atlanta started her strides to progress to be set back when Sherman enjoyed pyrotechnics; leaders they were in the bitter days afterward when Atlanta struggled so hard and so successfully to build anew from the ashes that no historian has ever been able to write about modern Atlanta without helping make a hackneyed phrase out of "phoenix-like from the ashes." And leaders in thought and action they are today, in the lead that the city never passes their anniversaries without extending to them its felicitations.

Still Doing Business.

To call them pioneers sounds like an anachronism, for pioneer suggests some one who did things long ago and hinders the realization that these two men are still doing things. To call them oldest citizens mockles the one who says it, for he can but be blind to their activity and their mental zeal.

For almost seventy-five years Mr. Rice has been a resident of Atlanta; he was a resident when it was Terminus, he lived here when it was Marietta. When he came here, "it was in the bushes," to use his expression of Wednesday night, and there wasn't a brick house in the corporate limits. He has seen it grow to a place in the section of the state, to a most in the southeast, to a place in the world.

Mr. Rice, as few probably knew, as a member of the Georgia general assembly, wrote and secured passage of the bill which built the present capitol building. Captain English has always been a leader in Atlanta and southern business and finance—that "always" to be interpreted as we of the younger generation know it.

Both men served in the war between the states, and were active in the work at home. Younger men two generations younger to the world war—in the days of '17 and '18. Mr. Rice came here with his parents from New Hampshire in 1847; Captain English came from New Orleans originally, living in Griffin a short space after the Civil war, to come to Atlanta to help in the building program which has been following ever since.

Led By Grand Atlantans.

And not only did Mr. Rice sponsor the bill which actually built the capitol, Captain English was chairman of a committee, of which Mr. Rice was a member, that secured the city of Atlanta as the capital of Georgia. The first fight for capital establishment, a bit different from the present succession of capital retention fights was led by this grand Atlantian, Henry W. Grady was a member of that committee, as was Evan P. Howell. What would a lot of civic organizations give now for a bunch of committees like that?

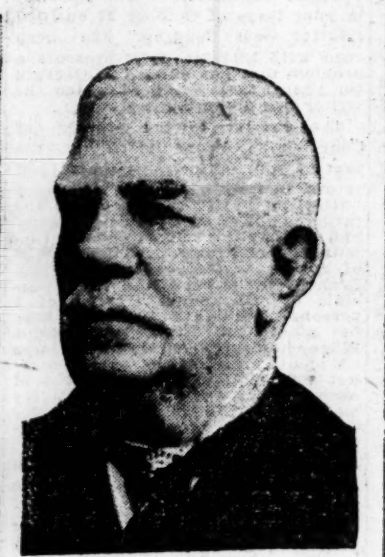

One secret of men like those must be their thoroughness—though both say that conservatism is responsible for their age and their fitness. Thoroughness because of this fact.

There is in existence, Mr. Rice showed the writer of this copy, a book called "The History of Atlanta and Its Pioneers." A most interesting volume, of which only 1,000 copies were printed, in 1902. Seven men composed the committee which published that volume—Mr. Rice is the only living member of that committee.

But the thoroughness, Mr. Rice avers that every statement in that book is a fact, undeniably. For in publishing it was his duty to see that it was a fact. It was denied a place in the book unless four out of seven men could vouch for its absolute truth. There's your "truth in advertising."

And a talk with either Captain English or Mr. Rice will tell you a lot of other things. That business about the good dying young is all bunk.

Weeks Is Expected To Act on Running U. S. Steam Plant

Secretary Weeks already has been telegraphed by the railroad commission of Georgia and by H. M. Atkinson, chairman of the board of directors of the Georgia Railway and Power company, urging that in the interest of the public the states affected permission to operate a steam plant be granted.

These wires have been supplemented by news from the Alabama Power company and various companies and industries in the five states named.

The power shortage grows more serious daily, and for this reason it is expected that Secretary Weeks will probably have a statement to make upon his arrival in Atlanta.

Long water is the cause of the dearth of power, and already in many states reserve steam plants are being put in operation. The government plant at Sheffield has a capacity of 180,000 horsepower, and this will go far toward relieving the present situation. Already a number of steam plants in Alabama are in operation, and arrangements have just been completed for the Georgia Railway and Power company to transfer power from these Alabama stations to the Carolina power company in operation, where a number of industries have been closed down for lack of electrical energy.

The Georgia Railway and Power company has succeeded in completing physical connections, which gives the southeast a network of wires, enabling various states to call on the other states in times of necessity. This system was put into effect Monday night, and without it many of the industries already in operation would have been closed.

At present the Georgia Railway and Power company is taking in daily from the Alabama power plants and transmitting it to Tennessee and Georgia.

Any physician will tell you that this formula will give quicker and better results in cases of loss of appetite, weight and energy, due to impaired nutrition, as Yeastose does.

CLIP COUPON AND GET A BOTTLE OF YEASTOSE WAFERS FREE

Chemist, Through New Process, Produces a Yeast Wafer, Known As "Yeastose," That Is Delicious In Taste and Will Not Form Gas on Stomach. Coupon Accepted by Any Druggist in Atlanta.

Yeastose Wafers Contain Other Body-Building Ingredients That Increase Appetite, Weight and Energy, Aid Digestion and Clear Up the Complexion. The Best Form of Yeast For Children.

not rely upon yeast alone for restoring to the body its normal health and vigor.

Yeastose Wafers have a delicious flavor, and by a special process each yeast cell is secured, which inactivates the yeast, and positively does away with stomach gases. Its delicious taste, and the absence of gas, makes Yeastose Wafers ideal for children as well as grown-ups.

The yeast cells used in Yeastose Wafers are from combined yeast cultures, and every flask of culture is microscopically examined and counted before put into wafer form. Each Yeastose Wafer has an average count of five million yeast cells, which is more than double the average count in any similar preparation, and you get a fifteen-day treatment for one dollar.

It will cost you nothing to try this new, improved yeast wafer. Simply cut out coupon below and take it to any druggist in Atlanta, who will redeem it with a free sample. If you do not live in Atlanta, fill out coupon and mail to The Yeastose Co., Atlanta, Ga., and you will receive an eight-day treatment free—(adv.)

NOTE—Each Atlanta druggist has 60 samples, 12 of which are full \$1.00 bottles; 48 contain 10 wafers each. This coupon is good for a \$1.00 bottle as long as they last.

THE MOST COMPLETE VITAMINE PRODUCT YET DEVELOPED

Realizing the importance of vitamins to the human body, a chemist and dietitian began years ago to perfect a wafer that would contain all three vitamins, making hundreds of scientific laboratory tests and experiments, finally evolving "Yeastose Wafers," the most complete vitamin product yet produced.

The component parts of Yeastose Wafers are Yeast, Cod Liver Oil, Maltose, Lactose, Saccharose, Orange, Peppermint, Whole Powdered Milk and Hydrochloric Acid. The three vitamins represented by A, B, and C are: A, Cod Liver Oil and Milk; B, Yeast and Milk; C, Orange and Milk, plus the digestive aid of Hydrochloric Acid. Have you seen any other formula the equal of this?

Any physician will tell you that this formula will give quicker and better results in cases of loss of appetite, weight and energy, due to impaired nutrition, as Yeastose does.

NOTE—Each Atlanta druggist has 60 samples, 12 of which are full \$1.00 bottles; 48 contain 10 wafers each. This coupon is good for a \$1.00 bottle as long as they last.

HORTHY DEMANDS CHARLES ABDICATE

Budapest, October 26.—(By the Associated Press.)—The Hungarian government today formally asked Emperor Charles to abdicate and to recognize the complete cessation of his dynastic rights. He was ordered to surrender himself to British authorities and was told that an answer to these demands was expected today.

Former Emperor Charles was today awaiting the decision of the allied nations regarding his exile from Hungary to some place where he will be prevented in future from disturbing the peace of this country and of central Europe. The erstwhile monarch and his wife were interned at the Benedictine abbey at Thany, in the Platten Lake, about 50 miles southwest of here, and the collapse of his attempt to regain the Hungarian throne was considered complete.

It seemed probable that Charles and Zita would remain at the abbey for some time as the allies were believed to be disposed to go slowly in choosing his future place of residence. There apparently has been no evidence of any plan on the part of the entente nations to place him on St. Helena or any other distant island as was suggested by the Emperor's own followers. At the same time, it appears to be evident that it would be difficult to find a refuge for him on the European continent.

Passengers Hurt When Street Car Quits the Track

About a dozen passengers narrowly escaped serious injury early Wednesday morning when a Piedmont avenue car skidded on wet leaves and left the track at the end of the line near Piedmont park. The car was being operated by Conductor J. C. Sackwell, who was driving the car.

Two white passengers, F. C. Ryland, of 17 West Cain street, and H. G. Davis, of 86 Woodward avenue, were injured by flying glass from windows which were smashed when the car came to a stop against a telephone pole. Most of the passengers were negroes.

Sumter Woman Running for Tax Receiver's Office

Americus, Ga., October 26.—(Special.)—For the first time in the history of Sumter county, a woman is an announced candidate for an elective office. This pioneer is Mrs. A. E. Rainey, widow of the late County Tax Receiver Rainey, of Marietta.

She seeks the election to her husband's unexpired term, which will be held at a special election just called by ordinary C. B. Hodges and which will be held November 15.

Women in Ellaville, as well as other parts of Echigo county, are solidly supporting the candidacy of Mrs. Rainey, who, as yet, has no opposition for the office she seeks. She announced that in the event of her election, she will employ competent help to conduct the affairs of the office.

WATSON ACTS TO FREE POLITICAL PRISONERS

BY JAMES A. HOLLOMAN,
Constitution Bureau,
Hale's Hotel.

Washington, October 26.—(By Constitution Leased Wire.)—Senator Thomas E. Watson, of Georgia, introduced into the senate today by unanimous consent a resolution requesting the president to grant freedom to all political prisoners now serving sentences in federal prisons for this country for alleged violations of the espionage laws.

The senator's resolution is as follows:

"Whereas, the United States government is at peace with Germany and her allies, and

"Whereas, many persons are now serving sentences in federal prisons of this country for alleged violations of the espionage laws, and

"Whereas, all powers, the United States excepted, engaged in the late world war have freed their political prisoners,

"Be it therefore, resolved, that the president is requested to grant freedom to all persons now serving sentences for violating the said espionage laws, and to restore to said persons all civil and political rights."

When the resolution is taken up by the committee for consideration Senator Watson will submit the names of political prisoners, their present places of incarceration, and will also submit memoranda as to many of the specific cases. Among the list will be that of Eugene Debs, socialist, and David T. Blodgett, both of whom are in the Atlanta prison. Blodgett having served nearly four years for the circulation of a speech made by Senator Watson before the late Judge Emory Speer.

Senator Watson will have the backing of a large number of republican leaders in the senate, including Senator Penrose, of Pennsylvania.

Heirlooms of Today

One of the finest heirlooms shown in our window of "Heirlooms of Today" is a handsome Old English Tea Set which has been in constant use for more than 200 years.

It is a flowered shell design, footed and resembles some of the more modern designs made in the past few years. English hallmarks show its age.

It originally came from the Johnstone family of Annandale, Scotland, and has passed down through the Johnstone and Ewing families to its present owner, Mrs. J. L. Johnston, of Atlanta.

See our two windows, Heirlooms of Today and Heirlooms of Tomorrow.

The Constitution's Weekly Novel

Kleath

BY MADGE MACBETH
(Copyright, 1921 for The Constitution.)

Next Week, "The Heritage of Cain," by Isobel Ostrander, Starting Sunday.

(Continued From Yesterday.)

"Well, snapped his lordship, impatiently, 'well'."

A noise woke me. It was about midnight, I judge. A girl came in and stood at the door and a girl got out. Her hands were bound behind her. She was followed by Cully Conrad and a very fat boy. Between them they dragged someone who might have been doped, upstairs. There was a good deal of scraping with looks, and Cully and the boy came back, got into the bus, and drove away.

She cried upstairs and listened. The girl was crying. Then all of a sudden I heard her say: "Chris—oh, Chris! Could it be my Chris, and why was he locked in that room with a girl whose hands were bound and who did nothing but cry?"

"I could have picked them out, picking on the other side of the door. At that I could have sworn it was Chris. But still said nothing. At dawn he came out. I had seen him make love to that girl, would have killed him."

She controlled herself, quickly, and went on. "I couldn't get a line on what Cully and Joe had to do with the kidnapping, even after I had heard Chris talk to the girl. He asked her not to tell. He promised he would not. By God, you men, he has kept his promise."

She walked off with her yellow hair in the air and her eyes in the opposite direction. I followed the girl to dawn. I learned about the robbery. Then it was as plain as day to me—that kidnapping of Joe.

"I came here this morning expecting that white-faced little coward," she pointed an accusing finger direct at Goldie—"to clear him—but she's dumb."

A gun barked from somewhere in the rear. The woman flung up her hands and made a gurgling noise. "One of 'em got me," she gasped, and fell forward out of the box. Duke withdrew his hand from his smoking pocket, dropped from the window and started to run. But from the courtyard there suddenly came a roar which sounded like the voices of many hungry beasts and the air about him was filled with bits of whistling lead.

CHAPTER VII.

Timothy Meadows sat in quiet majesty at the open door of his cabin. He was grappling with a problem. He was thinking of Goldie and for the first time in nineteen years his thoughts of her were not tinged with pleasure and pride. On the contrary!

"Daughter, dear," he said, amazed at the weakness of his voice.

"Feel better, dad?" she asked.

He was not only better, he was well. Tim declared with affectionate vehemence. There was no further cause for worry. She must get out in the sunshine so that the roses would bloom again in her cheeks.

"Where's Kleath? Will he be up today?"

"She—she didn't—er—think so. . . no. Her manner struck him as being peculiar. Why didn't she know? What the devil did that mean by saying she didn't think so?"

Then, bit by bit, he dragged the story from the kidnapping, her promise to Kleath, his oath to her, his arrest, her trial, her silence. "Good God, Goldie!" shouted Meadows. "do ye mean to tell me ye would see that man go to jail? Where is he now?"

She flattered on. There was his wife, Kleath's wife. Kleath's wife! He couldn't believe Kleath had a wife! She had cleared him, and she had shot her only to be rid of him. He had tried to make a mistake. Meadows had never been so angry.

Babes and Husband Sick, Young Wife Appeals for Help

Her husband ill and unable to work, her 10-months-old baby girl sick with whooping cough, her 3-year-old son ill with the same disease and anorexia, Mrs. Annie Cooper, of 102 Ivy street, appealed to The Constitution last night for assistance.

With her husband incapacitated to labor the young mother went out to earn the family bread. She found work selling newspapers and was supporting the home until her two babies fell ill, too. She had to give up her job and remain with them.

There is rent to pay, coal to buy, the gas bill to settle. And more important than all that, to purchase medicine to get and a physician to procure. Contributions will be gratefully received at the home. The telephone number is Ivy 5704-W.

ALLEGED BUNCO ARTISTS INDICTED BY FULTON JURY

Indictments as the result of evidence submitted to the grand jury Tuesday afternoon by bunco victims, were returned in open court Wednesday as predicted in The Constitution. The following men were indicted: P. J. Rainey and Howard for a \$25,000 swindle; P. J. Raymond and C. W. Walter for larceny after trust of \$12,000; A. D. Moore, J. W. Walker and J. Chapman, for larceny after trust of \$20,000 each; J. B. Ryan, E. Adams and J. J. Sanford, for larceny after trust of \$10,000; J. H. Grant and H. B. Lewis, for a \$10,000 swindle.

In Fond du Lac, Wis., there are one "triple set of sisters and nine pairs of sisters employed as teachers in the public schools.

PEONAGE CASES AGAINST FARMERS TO CLOSE TODAY

Charged with conspiring to commit peonage, R. A. Leach, R. A. Rivers, J. V. Biles and Alton Bilea, farmers living in Spalding county, were placed on trial in federal court in Atlanta Tuesday afternoon. The case will be brought to a close Thursday morning, according to statements by John R. Cooper, of Macon, counsel for the defendants.

It is alleged that the farmers attempted to force a negro named Joe Jackson to work on a farm, and also it is charged, beat the father of the negro, in an alleged effort to secure his agreement to hiring the negro for work.

Mrs. Julia Dowman Dies in Baltimore Hospital Wednesday

Mrs. Julia Robena Dowman, 113 Linden avenue, died Wednesday afternoon in Baltimore, Union Memorial hospital. Mrs. Dowman was accompanied to Baltimore, two weeks ago, by her son, Dr. Charles E. Dowman, who remained with her to the

end. Mrs. Dowman was 63 years old.

Mrs. Dowman, whose husband was the late Dr. Charles E. Dowman, a prominent Methodist minister, and one time president of Emory college, is survived by her son, Dr. Charles E. Dowman; her daughter, Mrs. Carolyn Westmoreland Dowman; three grandchildren, Charles E. Dowman, Jr., James Polk Hanner, Claire Dowman Hanner, two sisters, Mrs. James E. Dickey, Atlanta, and Mrs. James L. Davidson, Quincy, Fla.; five brothers.

Judge Richard I. Munroe, Waco, Texas; M. W. Dr. Robert and Albert Munroe, Quincy, Fla., and Dr. Edward Munroe, Jacksonville, Fla.

The burial, from Allen Memorial church, Oxford, Ga., will take place probably Friday afternoon at 3 o'clock, eastern time. Definite announcement of the day and hour will be made later. The wires are down in south Florida and the family has not yet been able to reach Mrs. James E. Dickey, in St. Petersburg, Fla.

Tilton Lectures.

Macon, Ga., October 26.—(Special.)—Edward Lippincott Tilton, of New York city, who designed the master plans for the \$2,500,000 building program for a Greater Mercer university, and who is recognized as one of the best-read archaeologists in the country, gave an illustrated lecture at Mercer university tonight on "Greek Architecture." A collection of pictures illustrative of the points touched on by the speaker were shown.

MEDICATED SMOKE DRIVES OUT CATARRH

Dr. Blosser's Cigarettes Give
Out a Healing and Soothing
Smoke-Vapor That Clears the
Head, Nose and Throat.

Dr. Blosser is the originator of a certain combination of medicinal herbs, flowers and berries to be smoked in a pipe or ready prepared cigarettes which is meeting with unusual success in catarrhal troubles. As the disease is carried into the head, nose and throat with the air you breathe, so the antiseptic healing vapor of this remedy is carried with the breath directly to the affected parts.

This simple, practical method applies the medicine where sprays, gouches, ointments, etc., cannot possibly go. Its effect is soothing and healing and is entirely harmless, containing no cubebs, tobacco or habit-forming drugs. It is pleasant to use, and not sickening to those who have never smoked and may be used by women and children as well as men.

If you suffer from catarrh, asthma, catarrhal deafness, or if subject to frequent colds, you should try this remedy. Satisfactory results guaranteed. Any well-stocked drug store can supply Dr. Blosser's Remedy.

A trial package will be mailed to any sufferer for ten cents (coin or stamps) by The Blosser Co., 25 D. Atlanta, Ga., to prove its beneficial and pleasant effect.

DR. BLOSSER'S
Medicated Cigarettes
For colds and catarrh may be
had at any drug store in a
convenient pocket size pack-
age.

## BEATTY IS UNABLE TO ATTEND REUNION

Nashville, Tenn., October 26.—Governor Taylor today received a telegram from Admiral Earl Beatty announcing his regrets that he would be unable to attend the 20th division reunion here November 4 and 5.

## PLAN WAR ON HIGH CUBAN SUGAR DUTY

BY JAMES A. HOLLOMAN, Constitution Bureau, Raleigh Hotel, Washington, October 26.—(By Constitution Leased Wire.)—There is being organized throughout the United States a gigantic campaign against the 60 per cent increase

in the duty on Cuban sugar, as contained in the emergency tariff bill, and as proposed in the Fordney bill, which has been deferred until the regular session. The campaign is to be conducted from New York by the American committee on Cuban emergency, and the south, and Atlanta, in particular, will be asked to join actively in the crusade to get this paragraph repealed, or at least modified in the permanent bill.

Not only is the increased duty an enormous burden upon the one hundred million sugar consumers of the United States, but it is such a blow to the bedrock of Cuba's industrial life that the little republic will necessarily have her buying power so crippled that the United States will feel directly this condition to the extent of hundreds of millions of dollars each year.

To be felt in Atlanta, Atlanta and the other manufacturing cities of the south will feel the reflection of the sugar duty if it is not repealed. Atlanta's manufacturing interests, all trade heavily in Cuba, one firm of shoe manufacturers alone doing more business in the island than any other similar interest.

Before the Spanish-American war, Cuba bought about \$25,000,000 worth of goods in the United States each year. The statistical abstract of the United States shows that for the past ten years, up to and including 1920, Cuba's imports of goods from the United States have been as follows:

1911 ..... \$1,407,594  
1912 ..... 1,115,484  
1913 ..... 72,357,371  
1914 ..... 66,715,072  
1915 ..... 66,715,072  
1916 ..... 160,399,669  
1917 ..... 131,302,781  
1918 ..... 14,003,709  
1919 ..... 285,969,938  
1920 ..... 292,195,750

This vast total of \$1,893,977,391 purchases by Cuba in American markets has been made possible by the prosperity of the Cuban sugar industry. Money spent in United States.

The money which Cuba receives from her sugar sales in the American markets is spent here, and in addition to that, American investors receive the earnings of companies operating in Cuba, amounting to millions of dollars annually. Cuba now has practically one market for purchases, buying more than 75 per cent of her total imports in this country. By the existing tariff, American goods can goods receive the benefit of a minimum of 20 per cent advantage over the products and manufactures of other countries. In some cases this advantage is 30 per cent and it goes even as high as 40 per cent.

A reciprocity treaty presumes that both parties to the agreement will be benefited, otherwise the treaty is abrogated. The emergency tariff act, imposing a 60 per cent increase in the duty on Cuban sugar, Cuba receives practically no benefit from her reciprocity agreement with the United States.

Some 1920 Purchases from us in 1920 are as follows: Wheat flour, \$17,000,000. Coal, over \$12,000,000. Textiles, over \$6,000,000. Clothing and wearing apparel, over \$14,000,000. Foodstuffs, over \$62,000,000. Leather goods, boots and shoes, over \$21,000,000. Iron and steel, over \$25,000,000. Machinery, over \$1,000,000. Condensed milk and evaporated cream, \$8,000,000.

The tax on Cuban sugar should be left at the one cent rate, which was assessed before the passage of the emergency tariff act and under which domestic sugar production prospered.

## HARDING MESSAGE OPENS MEETING OF PICTURE MEN

Chicago, Ill., October 26.—(Special.)—The Tri-state exposition won its bet with the weather man the first dash out of the box, so to speak, insurance on the receipts of the fair, were taken out—the company to make good a total of \$65,000 in the first real day of the fair rain falls. Promptly at 1 o'clock on the first real day of the fair rain began to fall—and a shade over one-tenth was the precipitation by 6 o'clock.

W. C. Patterson, manager, director of the Criterion theater, Atlanta, Ga., is one of the delegates representing the franchise holders of Georgia.

President Harding's message was as follows: "Please accept my good wishes for your industry and the enterprise people who have created and developed it into one of the wonderful commercial and artistic creations of our times. You will serve the country well if you shall maintain a high and constantly higher standard of the work you are carrying on. Your opportunities for true public service rank with the best of any other industry."

Among other matters of national importance taken up by the delegates in the face of a possible railroad strike on November 1st is the understanding that these plans comprise the launching of an emergency motortruck and aeroplane delivery service throughout the United States, so that theater will be deprived of its picture service for a single day.

During the course of the meeting, a unanimous declaration for clean wholesome pictures was adopted by the delegates coupled with the assertion that the American public has demonstrated itself to be the best possible guardian of its own welfare by making clean wholesome pictures the only ones that have any possibility of commercial success for the theater.

## NEW HEARING ASKED Washington Will Case Is Again in Court.

Macon, Ga., October 26.—(Special.) Judge H. A. Mathews, in Bibb superior court, has taken under advisement a motion for a new trial of the famous Washington will case, involving the \$200,000 estate of the late Hugh V. Washington, a prominent Macon lawyer, and brother of Mr. Ellen W. Bellamy, of Macon.

By the will of Mr. Washington the estate was left to Mrs. Bellamy and her children, but at her death the bulk of it to go to the Missouri Historical society, with small bequests to Wesleyan college, the U. S. C. and the University of Georgia and various patriotic societies. The contest of the will was adopted by the children and grandchildren of Porter, Washington, a nephew of Hugh, Washington, who alleged undue influence by Mrs. Bellamy at the time the will was drawn. At the trial of the case Judge Mathews directed a verdict upholding the will. The case had been pending for several years, and had been set for trial at least twelve times before it was finally tried.

## Savannah Fair Wins First Bout With Weather Man

Savannah, Ga., October 26.—(Special.)—The Tri-state exposition won its bet with the weather man the first dash out of the box, so to speak, insurance on the receipts of the fair, were taken out—the company to make good a total of \$65,000 in the first real day of the fair rain falls. Promptly at 1 o'clock on the first real day of the fair rain began to fall—and a shade over one-tenth was the precipitation by 6 o'clock.

**AIKEN, S. C., BLAZE CAUSES \$5,000 LOSS**  
Aiken, S. C., October 26.—Fire originating in a horse shoeing establishment here this morning caused damage estimated at \$5,000.

The entire business section of the city was threatened at one time and a hurried call was sent to the Augusta, Ga., fire department for assistance. Chief Fireman Reynolds and one fire company responded and reached here in time to be of material aid. Wind was extremely high and much difficulty was experienced in combating the flames.

## Building Lots For Sale

Some people think that it will be cheaper to build next year, that material and labor are coming down. No one can tell about building costs next year. It is likely that there will be no decided change, but one thing is certain—BUILDING LOTS ARE GOING UP. There is nothing to gain by putting off the purchase of a lot. They are going to be scarcer and much higher than they are now.

We are selling them at the old prices as long as they last.  
Greenwood Avenue—Adjoining house No. 324 on the west, 50x200. Price \$1,700. Jackson St., between Eighth and Ninth Sts., 50x100. Price \$2,000. Ashby St., at the end of the car line, 50x100. Price \$300. Beecher St., between Ashby and Peoples Sts., 50x100. Price \$500. Peoples St., between Beecher and White Sts., 50x100. Price \$500. ## A CONSERVATIVE SUGGESTION

The people of Atlanta have spent ten million dollars in building this year.
